David Mangelsdorff

You are the paradigm of a Class Secretary ~ conscientious, dedicated, caring, engaged – and a great writer to boot.

In most Dartmouth classes, the Secretary has two jobs – produce a news column for the Dartmouth Alumni Magazine, and the sad task of writing obituaries. You were extraordinary with each. You never missed a column in the DAM and ours always had new input, even with a deadline two months ahead. The obituaries you crafted reflected your outreach to the families and friends of our deceased, so that each one produced under your stewardship was a knowing and caring testament.

Your commitment to our classmates and interest in demographics created an unparalleled data-rich history of our Class. It was invaluable in our recent programs to encourage contributions to our 50th Reunion Yearbook and attract attendance to this 50th Reunion. You also preserved for future generations the history of our Class, and every other class since the early Twentieth Century, with your generous gift to fund the Dartmouth Alumni Magazine's digital archives.

We will miss your Manic Mondays and your TGIFs, but we will always remember to toast you for all you have done for us

Your Dartmouth Class of 1967
